

# Certification of Gratitude

Through our partnership with B1G1, every month, we donate to causes that align with the United Nations Sustainable Development Goals which include helping to tackle climate change, end poverty, supply food and shelter and support entrepreneurship amongst others.

Since joining B1G1 we have donated **2,914 giving impacts** benefiting a range of charities, which includes supporting entrepreneurship in Bangladesh, feeding malnourished dogs, provision of solar lighting to those that need it and provision of recycled bricks to build schools in Indonesia.

Thank you for being customer of Fullers Fulfilment and because you are, we continue to support, enabling us to do 'business for good'.
